

3 June 2009

Dear Specialist

CLAIMS AUTHORISATION VALIDATION

Please note as from **8 June 2009** all hospital claims authorised by Momentum Medical Scheme Administrators (MMSA) will be subject to an enhanced claims-to authorisation adjudication process.

It is therefore imperative that all diagnostic and procedural codes given to members to obtain authorisation are accurate and complete. We therefore urge you to assist in adhering to this in order to eliminate potential rejection when the hospital claim is submitted for payment to the scheme.

This claim-auth process will apply to the following schemes administered by MMSA:

Ingwe Health
KeyHealth
Momentum Health
Topmed Medical Scheme
Anglo Medical Scheme
Alliance Midmed Medical
Built Environment Professional Associations' Medical Scheme
Nampak SA Medical Scheme
Netcare Medical Scheme
PG Group Medical Scheme
South African Breweries Medical Aid Society
World Bank

Yours sincerely,

Dewald van Jaarsveld

Head: Provider Relations
